COMPOSITE DOOR

"The finishing touch to any home"

Doors by Design

Virtuoso Composite Door Collection

Step inside for a
perfect welcome ...

From the door style to the colour and choice of finish, we'll help you make a statement.

Our composite doors are manufactured utilising only the best components to create stylish, secure, reliable and durable doors.

With the latest CNC machinery and C.A.D software the doors are precision built to exacting standards.

The 44mm composite door is constructed from fibre glass skins for a beautiful timber-like appearance, polyurethane cores for greater thermal efficiency.

The 70mm lead free PVCu outer frame is fully reinforced for added strength and security.

Glazing Options

Resin Bevels

These designs are complex yet delicate, using the latest technology under stringent quality controlled conditions.

Tile/Bevel & Etch

These designs use sparkling glass bevels and Kiln fused glass tiles on a sandblasted effect base glass.

Lead & Bevel

Incorporating hand crafted glass bevels which are applied to the external glass face and finished with lead work, external joints are soldered.

Triple Glazed ^(T)

Using glass bevels, contemporary films & traditional Lead, our bespoke triple glazed designs will give your home a unique entrance.

Lead & Film

This process incorporates self adhesive lead and colour film to replicate traditional stained glass designs, all external joints are soldered.

NB. ^(T) Denotes Triple glazed
